There was a strong breeze that spring day
Now I have nothing to left to do but await my entrance into the university
I safely managed to pass my high school exams
Is my world about to break new grounds?

Hey, Hiroki !!
Nnh ?

I'll let you breath in some fresh air.
Don't keep on sleeping like that even though it's spring vacation!
?
Please wake up.

Huh?
Sfx: Wind
Sfx: Surprise
Ah...
Sfx: Slap
Who-
Stupid
Hmm...
You are...

SFX. Charge foward in an aggressive manner.
Why does it have to happen in this peaceful spring
Shit. What the hell was that.
SFX Bang
However, when strange things happen around me, namely...
4
I'm the Ultra-learning Material Scholar, Raizou Ooisa.
I am not a demon -
Who said to make self-introductions!
I'm the Ultra-learning Material Assistant Helper, Youko Toriisai.
Note. Blame
Ahh, morning.
Good Morning!
I went ahead and started eating.
I knew it. It's them!
Your remarks make me out as if I'm some sort of demon you know.
I know that there aren't going to be any good memories in the morning when you're sitting there eating breakfast so nonchalantly!!

Like how you fixed my TV before.
What are these assistances you speak of?
In spite of me assisting you all the time with various things,
You're saying my sponging is a rude thing.
Generally, when there is your beautiful house right next door, why do you come to other people's houses sponging off their breakfast?

-I didn't understand the reason, but in the end, I was thrown in virtual space.
I managed to install a strange headgear by experimenting with other virtual reality devices
I was forced to literally survive in this world. Where nobody, but the end of time Messiah was able to survive.
During the several years spent dealing with bodily sensation-

Note: One is enough!!!!
This is where he shouts stuff like "It's not over yet!"
After this show, I'll let you in on the mystery of the long-haired macho guy

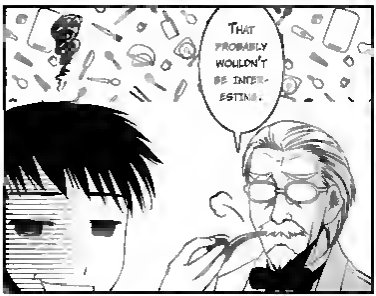
What have you done now with such useless advanced material knowledge.-
I believe there's been instances where he's completely destroyed the the insides of homes with his broom.
A giant sunglasses wearing man in an apron passing himself off as a new model robot maid intrudes.
Note: I love you too, Mom.
Note: I'll be back. (Terminator reference.)
Note: Cleaning !?

Who is that girl...is what I want to know but.
How splendidly she's acting.
Making breakfast incorporeally as part of her routine rather than something special.
You put something to my mother's memories to make her recognize her didn't you?
Uh huh. How clever of you to have noticed.
... Hey ...
Don't ignore me.
Well ma'am, you are quite beautiful today.
My, what a flattering thing to say.
First off you don't even listen to other people's conversations seriously ...
SFX: Pissed off.
... Perv!
SFX: Turn away.
SFX: Munch Munch.
ぱくぱくぱく
ぱくぱくぱく

On behalf of your high school exam passing
Hm?
She is simply a present.
Scheme is quite an unexpected word.
Anyhow, what are you scheming? Care to explain.
Don't say something so terrible so nonchalantly, you mad doctor!
It's because I applied minor memory manipulation.
SFX: Whack.
SFX: Hrr.
FOOL!!
Gwa!
She is an android that I constructed.
Her name is Hinata.
I configured her as your childhood friend and constructed her memories as such.
Her personality is that of an introvert tsundere.
What!?
Despite this already becoming troublesome.
Why did you go as far as to apply such complicated settings!
And stop talking like this home shopping network.
SFX: Fornicating atmosphere.
7
It's possible you could have a little sister too if you got married.
In that case she would a sister. Explain
It's possible that you could have a little sister from now on.
If your parents would make an effort
Listen up!
You aren't taking the bond of being childhood friends seriously, are you!?
However-.

SFX. Impact (Figuratively)

Then you might as well alter some of mine!
Generally speaking, if you're going to go as far as tampering with my mother's memories--
I don't want to go through great effort taking the situation in one by one



It is just childhood friends that you can't create from now on.
It's already too late because this is a matter that has been born several years ago.
This would be absolutely defying fate.

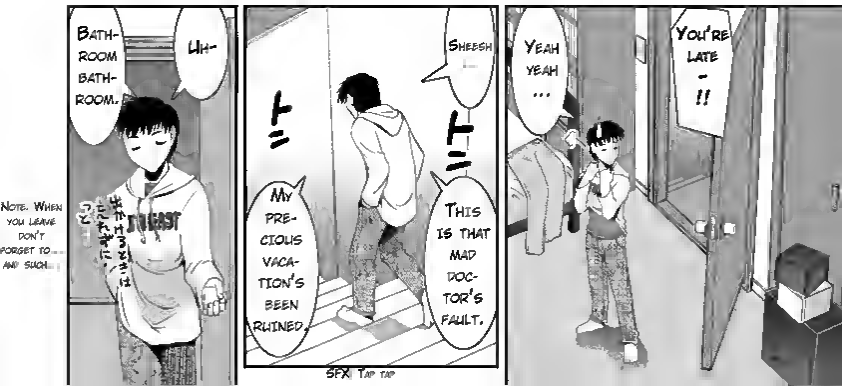
Wh...
Breakfast!
Th...
Thank you!
SFX: To fit something roughly

It- It- It- It's not like I made it for your sake!
Making breakfast is just part of my old daily routine, that's all!

SFX: Ah-
... Aren't these adjustments the difficulty level of an adult game ...
Hee~
These personality settings were hard to modify.
Well? Nice tsundere mannerisms wouldn't you say.
Ha ha ha ...
Hmph!
SFX: Stiff stiff- (slipper noise made inside a house)

Hey, hurry up and eat your food!
Since there isn't any time.
Huh?
You promised yesterday remember!
Since I just came back from overseas-
You promised to show me around town since it's a been a while since I've here.
This is one event planned.
There are others. You have a full schedule.
I just want peace

10



Note. When you leave don't forget to... and such...

Whoa.
Nice promise!
Ah...
St...
Ah-
Ah-
SFX: Boom
Stupid-
Gyahh!

I remember cleaning your face for you all the time
Still messy You haven't changed
?
There's some cream stuck to your face!
Is this one of the fabricated memories-!?

SFX. Sweat drip

16

Are you taking money from me?
How about a thousand yen?
Note This is a counterfeit.
*About 610 $7
If you give this to her as a present, I have no doubt that she will be swooned over!
?

Even back then you were a perv!
That old man just freely input a mixture of fact and fiction!
Then you fell over in the turmoil lunging your head into my skirt~.
Another fabricated memory!
You were chased by a dog.
Then ... after that ...

Things like that ...
How nostalgic ...
They seem like they were just yesterday ...
A A H H !
.....

Note: Well-come-
*Shichi Go-San is a Japanese holiday celebrating 7, 5, and 3 year olds. They usually get dressed nicely by their parents and go out
It's a part-time job. Part-time!
Money is necessary for a lively high school life...
I should be asking you what are you doing in a place like this
Shichi Go-San?
Hey you, what are doing in a place like this!
Oh, it's just you, Takuya.
Who is he?
Oh, my friend Kimura.
As you see... today is his most attentive feature.
Don't give me some half-hearted introduction.

Note: Rather why weren't your memories manipulated?

Child-hood friend
You say -
Wh...
So, why is a love incompetent fool like you with a girl
Moreover, talking with such a cute girl at an uncool cafe.
She's my childhood friend...
Seriously?
Don't say weird things like that!
つーかお前で幼馴染は記憶操作されてない人だっけ？

I DIDN'T KNOW ABOUT HER.
UM WELL... RATHER EVEN I DIDN'T KNOW UNTIL THIS MORNING...
SHE WAS OVERSEAS FOR A LONG TIME OR... SOMETHING FISHY-GRAMMAR AS SO.
SFX: GRAB.
BASTARD.
HEY... CALM DOWN.
HOW AM I SUPPOSED TO BE CALM FOR SOMETHING LIKE THIS.
WH...T... WAS THAT...
SFX: FLAP FLAP.
SFX: SHAKE.

I'M JEALOUS.
AH! I'M BEYOND THE POINT OF JEALOUSY.
I'M SO JEALOUS.
SFX: SPLASH.
AH...
FOR SOMETHING LIKE READJUSTING WITH YOUR CHILDHOOD FRIEND RETURNING HOME AT THE SAME TIME AS YOUR HIGH SCHOOL EXAM FINISHES.
ISN'T THIS JUST LIKE A SET-UP POSITION FOUND IN A GAME.
WHY IS EVERY ONE AROUND ME ACTING LIKE THIS IS SOME EROTIC GAME?

"Eeep" !?
Pardon me-.
Ahh -
You got too excited idiot.
Note: I'll carry it immediately.

HUH ...

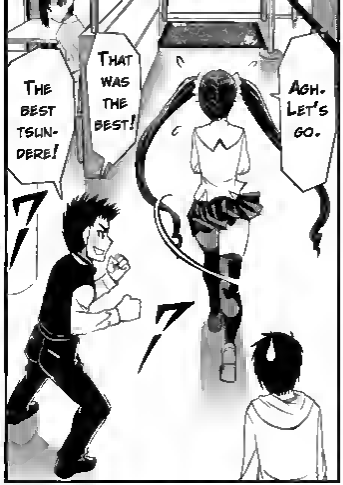
WHEN WE GOT SEPARATED A LITTLE WHILE AGO, I BOUGHT IT AT AN OPEN BACK-ALLEY MARKET.

Huh ...?
No ...
It's not a fake.
Ah ...
Since -
I'll... I'll forgive you for this morning because of this suit-
Since it's not like I'm particularly happy about it
-This doesn't mean I forgive you for what you've done up until recently.
SFX: Clench.
That was truly a cliched tsundere reaction.

SFX. Big splash



The best tsun-dere!
That was the best!
Agh. Let's go.
SFX. Crowd-like roar

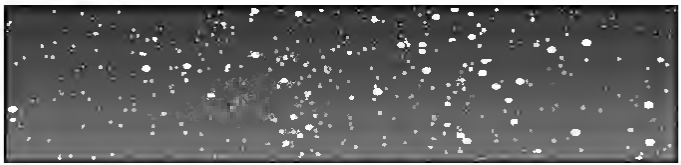
When I take it into my consideration that the fact that, no need to mention about my mother, but even my father isn't saying anything about the situation...
They're just eating dinner together with innocent look's on their faces and whatnot.
I alone among my family continue to hold normal memories.

So I thoroughly examined it.
Even before I went in the bath, I checked whether there were any traps set.
Eventually, I just got completely worn out moreover...

Only a bath like this can calm my nerves...
However, even the bathroom is filled with landmines like this morning.

Ah.. I just want peace ...
Assuming this continues everyday, I won't be able to carry on ...
Ahh ...
I'm this exhausted despite this only being one day ...



SFX Door squeaking

Seems ... to be out of place.
Nothing ...
Huh!?
.....
There's a wall ...?
Outside the window ...
SFX. Vanish

Huh!?
It's vanishing ...
There should be a window of the doctor's house..?
I'm certain right up until I took a bath that it wasn't there before
